I will not be attending. I'm afraid I have not found the symposium to be useful in the past, as far as the content goes. But, it is a good place to meet people and make personal connections. Walter Mugdan will be speaking at the opening on Thurs and Eugenia Naranjo, the project manager for Newark Bay and modeler for the Passaic, will be there.

Subject: Passaic Symposium

Hi Alice,

I received notice of the Montclair Passaic River Symposium in a couple weeks. I expect to at least make the Thursday agenda. Do you think you will be attending?

Juan
